### **Main Language: Simultaneous Translation English-Japanese**

For Francophone participants in Tokyo, we will need to have the translator translate the French into Japanese and then wait for the Japanese-English translator to translate into English. If there are comments from Francophone participants in Africa, we will have to have the French-Japanese translator in Tokyo, translate these French comments into Japanese and then have the Japanese-English translator in Tokyo Translate into English to transmit back to our connected countries. Therefore, I would like to ask participants to try as much as possible to speak in English in the interest of time.

**Facilitator:** Ms. Mika Kunieda, Senior Project Officer, TICAD Civil Society Forum (TCSF), Tokyo, Japan

**Remarks :** Pre-connection starts 30 minutes prior to the starting time.

Sites should contact the **NOC (Tel: +1-202-4737000)** if they experience any technical difficulties, or The World Bank Tokyo Development Learning Center (**Tel: +81-3-3597-1333**)
